

You are invited to attend!
A Special Presentation Featuring:
Marcy Field, Social Media Marketing Specialist

Marcy Field is a Brand Builder and Social Media Manager. Marcy Field began her Toastmaster journey with Fluor Communicators in the spring of 2018. She is currently serving as District 42's Public Relations Manager.

She founded her company Mountain Lion Leadership almost 20 years ago. She enjoys the opportunities the internet provides and at times needs to be told to "Step Away from the Technology" for a variety of reasons. She serves a select group of clients as their Social Media Manager helping build social awareness on multiple platforms. Being PRM continues to provide her an opportunity to expand her knowledge in these areas.

A former motorcyclist, lover of people and life, at times, she believes she is a millennial aside from the fact she was born in the wrong decade. Currently, her favourite job and title is "Oma".
